Vision Statement

The Harrah Educational Enrichment Foundation is a private partner to the public education system in Harrah. The Foundation will secure resources from corporations, individuals, and other foundations to be distributed in the Harrah Schools to support programs for which funds are not available from federal, state, and local community sources. These programs will stimulate excellence in the quality of education in the Harrah Public School system by mobilizing community support.

Enrichment Grant Program

The Foundation supports innovative ideas and projects through its educational enrichment grant program.

This program allows funds to be awarded to teachers who want to implement innovative projects in their classroom or group that are not covered by traditional budgeting from the school.

The Foundation accepts contributions from private citizens and businesses interested in promoting private sector support for our schools.
